7:00pm

The District and the City of Eden Prairie will be hosting a virtual informational session on June 1 at 7pm to discuss a unique opportunity to reconnect the two parts of Duck Lake. Duck Lake Road currently bisects the lake with only an 8" pipe connecting the two parts. The potential project would be performed as part of a road reconstruction project. The City is looking to see if the District would be willing to be a financial partner in a project that would rehabilitate the lake's historical footprint and minimize wetland and floodplain impacts. Join us via zoom to listen to the presentation and share your thoughts on the proposed project. For more information, contact Claire Bleser, District Administrator, at (952) 607-6512.
