INDEPENDENT AUDITOR'S REPORT

To the Honorable Managers of the
Riley Purgatory Bluff Creek Watershed District
Chanhassen, Minnesota

We have audited the accompanying financial statements of the governmental activities and each major fund of Riley Purgatory Bluff Creek Watershed District, as of and for the year ended December 31, 2018, and the related notes to the financial statements, which collectively comprise Riley Purgatory Bluff Creek Watershed District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to in the first paragraph present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of Riley Purgatory Bluff Creek Watershed District, as of December 31, 2018, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Summarized Comparative Information

We have previously audited Riley Purgatory Bluff Creek Watershed District's 2017 financial statements, and we expressed an unmodified audit opinion on the respective financial statements of the governmental activities and each major fund in our report dated March 14, 2018. In our opinion, the summarized comparative information presented herein as of and for the year ended December 31, 2017 is consistent, in all material respects, with the audited financial statements from which it has been derived.

Other Matters

Required Supplementary Information

Management has omitted the management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Accounting principles generally accepted in the United States of America require that the budgetary comparison information and pension information on pages 36 through 39 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Riley Purgatory Bluff Creek Watershed District's basic financial statements. The introductory and other information sections are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The introductory and other information sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Statement 5

	<u>2018</u>	<u>2017</u>
Amounts reported for governmental activities in the statement of activities (Statement 2) are different because:		
Net changes in fund balance - total governmental funds (Statement 4)	\$983,500	\$1,096,333
Governmental funds report capital outlays as expenditures. However, in the Statement of Net Position the costs of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the current period.		
Capital outlay	39,077	29,039
Depreciation	(24,804)	(22,748)
In the Statement of Activities, the gain or loss on the disposal of capital assets is reported. However, in the governmental funds, only the proceeds of a sale increase financial resources. Thus, the change in net position differs from the change in fund balance by the book value of the disposed capital assets.	(45,065)	-
Some expenses reported in the Statement of Activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds:		
Compensated absences	(8,260)	(12,491)
Governmental funds report pension contributions as expenditures, however, pension expense is reported in the Statement of Activities. This is the amount by which pension expense differs from pension contributions:		
Pension contributions	\$23,959	
Pension expense	(62,387)	(28,031)
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds:

RILEY PURGATORY BLUFF CREEK WATERSHED DISTRICT
NOTES TO FINANCIAL STATEMENTS
December 31, 2018

Note 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies of Riley Purgatory Bluff Creek Watershed District (the District) conform to generally accepted accounting principles applicable to governmental units. The following is a summary of significant accounting policies.

A. FINANCIAL REPORTING ENTITY

The District was created under the provisions of Minnesota Statutes. The District is operated by a five member Board of Managers appointed by the Hennepin and Carver County Boards of Commissioners for three year terms.

The District's policy is to include in the financial statements all funds, account groups, departments, agencies, boards, commissions, and other component units for which the District is considered to be financially accountable.

Component units are legally separate entities for which the District (primary government) is financially accountable, or for which the exclusion of the component unit would render the financial statements of the primary government misleading. The criteria used to determine if the primary government is financially accountable for a component unit include whether or not the primary government appoints the voting majority of the potential component unit's governing body, is able to impose its will on the potential component unit, is in a relationship of financial benefit or burden with the potential component unit, or is fiscally dependent upon by the potential component unit.

Based on these criteria, there are no organizations considered to be component units of the District.

B. GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the primary government. For the most part, the effect of interfund activity has been removed from these statements. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*. There are no *business-type activities*, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function. *Program revenues* include: 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function; and, 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Taxes and other items not included among program revenues are reported instead as *general revenues*.

Separate financial statements are provided for governmental funds. Major individual governmental funds are reported as separate columns in the fund financial statements.

C. MEASUREMENT FOCUS, BASIS OF ACCOUNTING AND FINANCIAL STATEMENT PRESENTATION

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers all revenues, except reimbursement grants, to be available if they are collected within 60 days of the end of the current fiscal period. Reimbursement grants are considered available if they are collected within one year of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures are recorded only when payment is due.

Property taxes, intergovernmental revenues and interest associated with the current fiscal period are all considered to be susceptible to accrual and have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the District.

The District reports the following major governmental fund:

509 Plan Implementation (special revenue fund) – Notwithstanding chapter 103D, a local government unit or watershed management organization may levy a tax to pay the increased costs of preparing a plan under sections 103B.231 and 103B.235 or for projects identified in an approved and adopted plan necessary to implement the purposes of section 103B.201. The proceeds of any tax levied under this section shall be deposited in a separate fund and expended only for the purposes authorized by this section. Watershed management organizations and local government units may accumulate the proceeds of levies as an alternative to issuing bonds to finance improvements.

D. BUDGETARY DATA

The Board of Managers adopts an annual budget for the 509 Plan Implementation Special Revenue Fund. During the budget year, supplemental appropriations and deletions are or may be authorized by the Board. The modified accrual basis of accounting is used by the District for budgeting data. All appropriations end with the fiscal year for which they were made.

The Board of Managers annually adopts a tax levy for collection during the calendar year. The District's records are maintained on a calendar year ending December 31.

The District monitors budget performance on the fund basis. All amounts over budget have been approved by the Board through the disbursement approval process.

The District prepares a revenue and expenditure budget for the 509 Plan Implementation Special Revenue Fund. Encumbrance accounting, under which purchase orders, contracts, and other commitments of

RILEY PURGATORY BLUFF CREEK WATERSHED DISTRICT
NOTES TO FINANCIAL STATEMENTS
December 31, 2018

monies are recorded in order to reserve that portion of the applicable appropriation, is not employed by the District.

E. CASH AND INVESTMENTS

Investments are stated at fair value, based upon quoted market prices. Investment income is accrued at the balance sheet date.

F. PROPERTY TAX REVENUE RECOGNITION

The Board of Managers annually adopts a tax levy and certifies it to the Counties on September 15 (levy/assessment date) of each year for collection in the following year. The Counties are responsible for billing and collecting all property taxes for itself, the District, the local School District and other taxing authorities. Such taxes become a lien on January 1 and are recorded as receivables by the District at that date. Real property taxes are payable (by property owners) on May 15 and October 15 of each calendar year. Personal property taxes are payable by taxpayers on February 28 and June 30 of each year. These taxes are collected by the Counties and remitted to the District on or before July 7 and December 2 of the same year. Delinquent collections for November and December are received the following January. The District has no ability to enforce payment of property taxes by property owners. The Counties possess this authority.

GOVERNMENT-WIDE FINANCIAL STATEMENTS

The District recognizes property tax revenue in the period for which the taxes were levied. Uncollectible property taxes are not material and have not been reported.

GOVERNMENTAL FUND FINANCIAL STATEMENTS

The District recognizes property tax revenue when it becomes both measurable and available to finance expenditures of the current period. In practice, current and delinquent taxes and State credits received by the District in July, December and January are recognized as revenue for the current year. Taxes collected by the Counties by December 31 (remitted to the District the following January) and taxes and credits not received at year end are classified as delinquent and due from County taxes receivable. The portion of delinquent taxes not collected by the District in January is fully offset by deferred inflow of resources because they are not available to finance current expenditures.

G. INVENTORIES

The original cost of materials and supplies has been recorded as expenditures at the time of purchase. The District does not maintain material amounts of inventories of goods and supplies.

H. PREPAIDS

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements. Prepaid items are reported using the consumption method and recorded as expenditures/expenses at the time of consumption.

I. CAPITAL ASSETS

Capital assets, which include property, plant, equipment, intangibles, and infrastructure assets (e.g., storm sewers, manholes, control structures and similar items), are reported in the governmental activities columns in the government-wide financial statements. Capital assets (including intangible assets) are defined by the District as assets with an initial, individual cost of more than \$5,000 (amount not rounded) and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized.

GASB Statement No. 34 required the District to report and depreciate new infrastructure assets effective in 2004. Infrastructure assets include lake improvements, dams and drainage systems. Neither their historical cost nor related depreciation has historically been reported in the financial statements. For governmental entities with total annual revenues of less than \$10 million for the fiscal year ended December 31, 1999, the retroactive reporting of infrastructure is not required under the provisions of GASB Statement No. 34. The District has elected to implement the general provisions of GASB Statement No. 34 in the current year and has elected not to report infrastructure assets acquired in years prior to 2004. The District did not acquire any infrastructure assets from 2004 through 2018.

The District implemented GASB Statement No. 51, *Accounting and Financial Reporting for Intangible Assets* effective January 1, 2010. GASB Statement No. 51 required the District to capitalize and amortize intangible assets. Intangible assets include easements and computer software. For governmental entities with total annual revenues of less than \$10 million for the fiscal year ended December 31, 1999, the retroactive reporting of intangible assets is not required under the provision of GASB Statement No. 51. The District has elected not to report intangible assets acquired in years prior to 2010.

Property, plant and equipment of the District, is depreciated using the straight-line method over the following estimated useful lives:

Building	30 years
Equipment, boats and vehicles	7-10 years
Intangibles	10 years

J. COMPENSATED ABSENCES

It is the District's policy to permit employees to accumulate earned but unused vacation and personal leave benefits. All vacation pay and personal leave that is payable at termination is accrued when incurred in the government-wide financial statements. A liability for these amounts is reported in governmental funds only if they have matured, for example, as a result of employee resignations and retirements. In accordance with the

RILEY PURGATORY BLUFF CREEK WATERSHED DISTRICT
NOTES TO FINANCIAL STATEMENTS
December 31, 2018

provisions of Statement of Government Accounting Standards No. 16, *Accounting for Compensated Absences*, no liability is recorded for nonvesting accumulating rights to receive sick pay benefits.

K. FUND EQUITY

In the fund financial statements, governmental funds report fund balance in classifications that disclose constraints for which amounts in those funds can be spent. These classifications are as follows:

Nonspendable - consists of amounts that are not in spendable form, such as prepaid items.

Restricted - consists of amounts related to externally imposed constraints established by creditors, grantors or contributors; or constraints imposed by state statutory provisions.

Committed - consists of internally imposed constraints. These constraints are established by Resolution of the District's Board.

Assigned - consists of internally imposed constraints. These constraints reflect the specific purpose for which it is the District's intended use. These constraints are established by the District's Board and/or management.

Unassigned – consists of negative residual amounts in the fund.

When both restricted and unrestricted resources are available for use, it is the District's policy to first use restricted resources, then use unrestricted resources as they are needed.

When committed, assigned or unassigned resources are available for use, it is the District's policy to use resources in the following order; 1) assigned 2) committed, and 3) unassigned.

L. USE OF ESTIMATES

The preparation of financial statements in accordance with generally accepted accounting principles (GAAP) requires management to make estimates that affect amounts reported in the financial statements during the reporting period. Actual results could differ from such estimates.

M. COMPARATIVE TOTALS

The basic financial statements and individual fund financial statements include certain prior-year summarized comparative information in total but not at the level of detail required for a presentation in conformity with GAAP. Accordingly, such information should be read in conjunction with the District's financial statements for the year ended December 31, 2017, from which the summarized information was derived.

N. RECLASSIFICATIONS

Certain reclassifications were made to prior year amounts to conform to current year presentation.

O. DEFERRED OUTFLOWS/INFLOWS OF RESOURCES

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future period(s) and so will *not* be recognized as an outflow of resources (expense/expenditure) until then. The government has one item that qualifies for reporting in this category. It is the pension related deferred outflows reported in the government-wide Statement of Net Position.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period(s) and so will *not* be recognized as an inflow of resources (revenue) until that time. The government has pension related deferred inflows of related deferred inflows of sources reported in the government-wide Statement of Net Position. The government also has an item, which arises only under a modified accrual basis of accounting, that qualifies for reporting in this category. Accordingly, the item, unavailable revenue, is reported only in the governmental fund balance sheet. The governmental funds report unavailable revenues from property taxes.

P. DEFINED BENEFIT PENSION PLANS

Pensions. For purposes of measuring the net pension liability, deferred outflows/inflows of resources, and pension expense, information about the fiduciary net position of the Public Employees Retirement Association (PERA) and additions to/deductions from PERA's fiduciary net position have been determined on the same basis as they are reported by PERA except that PERA's fiscal year end is June 30. For this purpose, plan contributions are recognized as of employer payroll paid dates and benefit payments and refunds are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Note 2 DEPOSITS AND INVESTMENTS

A. DEPOSITS

In accordance with Minnesota Statutes, the District maintains deposits at those depository banks authorized by the District Board, all of which are members of the Federal Reserve System.

Minnesota Statutes require that all District deposits be protected by insurance, surety bond, or collateral. The market value of collateral pledged must equal 110% of the deposits not covered by insurance or bonds.

Minnesota Statutes require that securities pledged as collateral be held in safekeeping by the District Treasurer or in a financial institution other than that furnishing the collateral. Authorized collateral includes the following:

- a) United States government treasury bills, treasury notes and treasury bonds;
- b) Issues of United States government agencies and instrumentalities as quoted by a recognized industry quotation service available to the government entity;
- c) General obligation securities of any state or local government with taxing powers which is rated "A" or better by a national bond rating service, or revenue obligation securities of any state or local

government with taxing powers which is rated "AA" or better by a national bond rating service;

- d) General obligation securities of a local government with taxing powers may be pledged as collateral against funds deposited by that same local government entity;
- e) Irrevocable standby letters of credit issued by Federal Home Loan Banks to a municipality accompanied by written evidence that the bank's public debt is rated "AA" or better by Moody's Investors Service, Inc. or Standard & Poor's Corporation; and
- f) Time deposits that are fully insured by any federal agency.

Custodial Credit Risk - Deposits. Custodial credit risk is the risk that in the event of a bank failure, the District's deposits may not be returned to it. State Statutes require that insurance, surety bonds or collateral protect all District deposits. The market value of collateral pledged must equal 110% of deposits not covered by insurance or bonds.

At December 31, 2018 the carrying amount of the District's deposits were \$2,458,379 and the bank balance was \$2,459,652. The entire bank balance was covered by federal depository insurance or perfected collateral provided by the financial institution and held in the District's name.

B. INVESTMENTS

Minnesota Statutes authorize the District to invest in the following:

- a) Direct obligations or obligations guaranteed by the United States or its agencies, its instrumentalities or organizations created by an act of congress, excluding mortgage-backed securities defined as high risk.
- b) Shares of investment companies registered under the Federal Investment Company Act of 1940 and whose only investments are in securities described in (a) above, general obligation tax-exempt securities, or repurchase or reverse repurchase agreements.
- c) Obligations of the State of Minnesota or any of its municipalities as follows:
 - 1) any security which is a general obligation of any state or local government with taxing powers which is rated "A" or better by a national bond rating service;
 - 2) any security which is a revenue obligation of any state or local government with taxing powers which is rated "AA" or better by a national bond rating service; and
 - 3) a general obligation of the Minnesota Housing Finance Agency which is a moral obligation of the State of Minnesota and is rated "A" or better by a national bond rating agency.
- d) Bankers acceptances of United States banks.
- e) Commercial paper issued by United States corporations or their Canadian subsidiaries, of the highest quality, and maturing in 270 days or less.
- f) Repurchase or reverse repurchase agreements with banks that are members of the Federal Reserve System with capitalization exceeding \$10,000,000; a primary reporting dealer in U.S. government securities to the Federal Reserve Bank of New York; certain Minnesota securities broker-dealers; or, a bank qualified as a depositor.

Total cash and investments		\$5,870,296		

NR- Not Rated

The District categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. The hierarchy has three levels. Level 1 investments are valued using inputs that are based on quoted prices in active markets for identical assets; Level 2 investments are valued using inputs that are based on quoted prices for similar assets or inputs that are observable, either directly or indirectly; level 3 investments are valued using inputs that are unobservable.

The District has the following recurring fair value measurements as of December 31, 2018:

Investment Type	12/31/2018	Fair Value Measurement Using		
		Level 1	Level 2	Level 3
Investments at fair value:				
Brokered Certificates of Deposit	\$3,390,184	\$ -	\$3,390,184	\$ -
Investments not categorized:				
Money market fund	21,266			
Total	\$3,411,450			

Custodial Credit Risk – Investments. For investments in securities, custodial credit risk is the risk that in the event of failure of the counterparty, the District will not be able to recover the value of its investment securities that are in the possession of an outside party. Investments in securities that are held by the District’s broker-dealer include \$500,000 that is insured through the securities investor protection corporation (SIPC). The broker-dealer has provided additional protection by providing additional insurance. This insurance is subject to aggregate limits to all of the broker-dealer’s accounts.

Credit Risk. Credit risk is the risk that an issuer or other counterparty to an investment will be unable to fulfill its obligation to the holder of the investment. The District follows State Statutes in regards to credit risk of investments. The District does not have an investment policy which further limits its investment choices.

Interest Rate Risk. Interest rate risk is the risk that changes in the interest rates of debt investments could adversely affect the fair value of an investment. The District does not have an investment policy which limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Note 8 RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and natural disasters. Property and casualty liabilities are insured. The District retains risk for the deductible portions of the insurance. The amounts of these deductibles are considered immaterial to the financial statements.

There were no significant reductions in insurance from the previous year or settlements in excess of insurance coverage for any of the past three fiscal years.

Note 9 DEFINED BENEFIT PENSION PLANS

A. PLAN DESCRIPTION

The District participates in the following cost-sharing multiple-employer defined benefit pension plans administered by the Public Employees Retirement Association of Minnesota (PERA). PERA's defined benefit pension plans are established and administered in accordance with Minnesota Statutes, Chapters 353 and 356. PERA's defined benefit pension plans are tax qualified plans under Section 401 (a) of the Internal Revenue Code.

General Employees Retirement Fund

All full-time and certain part-time employees of the District are covered by the General Employees Retirement Fund (GERF). GERF members belong to the Coordinated Plan. Coordinated Plan members are covered by Social Security.

B. BENEFITS PROVIDED

PERA provides retirement, disability, and death benefits. Benefit provisions are established by state statute and can only be modified by the state legislature. Vested terminated employees who are entitled to benefits, but are not receiving them yet, are bound by the provisions in effect at the time they last terminated their public service.

GERF Benefits

Benefits are based on a member's highest average salary for any five successive years of allowable service, age, and years of credit at termination of service. Two methods are used to compute benefits for PERA's Coordinated Plan members. Members hired prior to July 1, 1989, receive the higher of Method 1 or Method 2 formulas. Only Method 2 is used for members hired after June 30, 1989. Under Method 1, the accrual rate for Coordinated Plan members is 1.2 percent for each of the first ten years of service and 1.7% for each additional year. Under Method 2, the accrual rate for Coordinated Plan members is 1.7% for all years of service. The accrual rates for former Minneapolis Employees Retirement Fund (MERF) members is 2.0% for each of the first 10 years of service and 2.5% for each additional year. For members hired prior to July 1, 1989 a full annuity is available when age plus years of service equal 90 and normal retirement age is 65. For members hired on or after July 1, 1989 normal retirement age is the age for unreduced Social Security benefits capped at 66.

Beginning January 1, 2019, benefit recipients will receive a future annual increase equal to 50 percent of the Social Security Cost of Living Adjustment, not less than 1.0 percent and not more than 1.5 percent. For retirements on or after January 1, 2024, the first benefit increase is delayed until the retiree reaches

Normal Retirement Age (not applicable to Rule of 90 retirees, disability benefit recipients, or survivors). A benefit recipient who has been receiving a benefit for at least 12 full months as of June 30 will receive a full increase. Members receiving benefits for at least one month but less than 12 full months as of June 30 will receive a pro rata increase.

C. CONTRIBUTIONS

Minnesota Statutes Chapter 353 sets the rates for employer and employee contributions. Contribution rates can only be modified by the state legislature.

GERF Contributions

Coordinated Plan members were required to contribute 6.50% of their annual covered salary in fiscal year 2018; the District was required to contribute 7.50% for Coordinated Plan members. The District's contributions to the GERF for the year ended December 31, 2018, were \$23,959. The District's contributions were equal to the required contributions as set by state statute.

D. PENSION COSTS

GERF Pension Costs

At December 31, 2018, the District reported a liability of \$260,737 for its proportionate share of the GERF's net pension liability. The District's net pension liability reflected a reduction due to the State of Minnesota's contribution of \$16 million to the fund in 2018. The State of Minnesota is considered a non-employer contributing entity and the state's contribution meets the definition of a special funding situation. The State of Minnesota's proportionate share of the net pension liability associated with the District totaled \$8,633. The net pension liability was measured as of June 30, 2018, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The District's proportion of the net pension liability was based on the District's contributions received by PERA during the measurement period for employer payroll paid dates from July 1, 2017, through June 30, 2018, relative to the total employer contributions received from all of PERA's participating employers. At June 30, 2018, the District's proportion was .0047% which was an increase of .0013% from its proportion measured as of June 30, 2017.

Post-retirement benefit increases were changed from 1.0% per year with a provision to increase to 2.5% upon attainment of 90% funding ratio to 50% of the Social Security Cost of Living Adjustment, not less than 1.0% and not more than 1.5%, beginning January 1, 2019.

For the year ended December 31, 2018, the District recognized pension expense of \$62,387 for its proportionate share of the GERF's pension expense. In addition, the District recognized an additional \$2,013 as pension expense (and grant revenue) for its proportionate share of the State of Minnesota's contribution of \$16 million to the General Employees Fund.

REPORT ON INTERNAL CONTROL

To the Honorable Managers of the
Riley Purgatory Bluff Creek Watershed District and Management
Chanhassen, Minnesota

In planning and performing our audit of the financial statements of the governmental activities and each major fund of Riley Purgatory Bluff Creek Watershed District as of and for the year ended December 31, 2018, in accordance with auditing standards generally accepted in the United States of America, we considered Riley Purgatory Bluff Creek Watershed District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Riley Purgatory Bluff Creek Watershed District's internal control. Accordingly, we do not express an opinion on the effectiveness of Riley Purgatory Bluff Creek Watershed District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control was for the limited purpose described in the first paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses. Given these limitations during our audit, we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

This communication is intended solely for the information and use of management, Riley Purgatory Bluff Creek Watershed District's Board and others within the organization, and is not intended to be, and should not be, used by anyone other than these specified parties.

MINNESOTA LEGAL COMPLIANCE REPORT

To the Honorable Managers of the
Riley Purgatory Bluff Creek Watershed District
Chanhassen, Minnesota

We have audited, in accordance with auditing standards generally accepted in the United States of America, the financial statements of the governmental activities and each major fund of Riley Purgatory Bluff Creek Watershed District as of and for the year ended December 31, 2018, and the related notes to the financial statements which collectively comprise the Riley Purgatory Bluff Creek Watershed District's basic financial statements, and have issued our report thereon dated May 1, 2019.

The *Minnesota Legal Compliance Audit Guide for Other Political Subdivisions*, promulgated by the State Auditor pursuant to Minn. Stat. § 6.65, contains six categories of compliance to be tested: contracting and bidding, deposits and investments, conflicts of interest, claims and disbursements, miscellaneous provisions, and tax increment financing. Our audit considered all of the listed categories, except that we did not test for compliance with the provisions for tax increment financing because it is not applicable to Riley Purgatory Bluff Creek Watershed District.

In connection with our audit, nothing came to our attention that caused us to believe that Riley Purgatory Bluff Creek Watershed District failed to comply with the provisions of the *Minnesota Legal Compliance Audit Guide for Other Political Subdivisions*, except as described in the Schedule of Findings and Responses as item 2018-001. However, our audit was not directed primarily toward obtaining knowledge of such noncompliance. Accordingly, had we performed additional procedures, other matters may have come to our attention regarding the Riley Purgatory Bluff Creek Watershed District's noncompliance with the above referenced provisions.

This report is intended solely for the information and use of those charged with governance and management of Riley Purgatory Bluff Creek Watershed District and the State Auditor and is not intended to be and should not be used by anyone other than these specified parties.

Finding 2018-001 Board Meetings

Criteria: Minnesota Statute 13D.04 requires public notice of meetings. Minnesota Statute 13D.04 reads in part as follows:

13D.04, Subdivision 1. **Regular meetings.** A schedule of the regular meetings of a public body shall be kept on file at its primary offices. If a public body decides to hold a regular meeting at a time or place different from the time or place stated in its schedule of regular meetings, it shall give the same notice of the meeting that is provided in this section for a special meeting.

13D.04, Subdivision. 2. **Special meetings.** (a) For a special meeting, except an emergency meeting or a special meeting for which a notice requirement is otherwise expressly established by statute, the public body shall post written notice of the date, time, place, and purpose of the meeting on the principal bulletin board of the public body, or if the public body has no principal bulletin board, on the door of its usual meeting room.

(b) The notice shall also be mailed or otherwise delivered to each person who has filed a written request for notice of special meetings with the public body. This notice shall be posted and mailed or delivered at least three days before the date of the meeting.

(c) As an alternative to mailing or otherwise delivering notice to persons who have filed a written request for notice of special meetings, the public body may publish the notice once, at least three days before the meeting, in the official newspaper of the public body or, if there is none, in a qualified newspaper of general circulation within the area of the public body's authority.

(d) A person filing a request for notice of special meetings may limit the request to notification of meetings concerning particular subjects, in which case the public body is required to send notice to that person only concerning special meetings involving those subjects.

(e) A public body may establish an expiration date for requests for notices of special meetings pursuant to this subdivision and require refiling of the request once each year.

(f) Not more than 60 days before the expiration date of a request for notice, the public body shall send notice of the refiling requirement to each person who filed during the preceding year.

Condition: During the course of our audit, it came to our attention, that on August 6, 2018 the District personnel committee met at the District office, without public notice being given.

Cause: Unknown.

Effect: The District was not in compliance with State Statutes.

Recommendation: We recommend the District Managers review and adhere to the statutes relating to public notice of meetings and consult with the District's attorney, as necessary.

Views of Responsible Officials and Corrective Action Plan: The District's legal counsel reviewed Open Meeting Law requirements with the Board of Managers on September 5, 2018, including the requirement that committee meetings must be noticed. The Board of Managers and the Administrator are committed to compliance with the Open Meeting Law, including the noticing of committee meetings. Open Meeting Law compliance is a regular topic of new manager orientation. Manager Ziegler and Manager Koch were not managers on August 6, 2018.
